WEEKLY REVIEW.

PORTLAND, May 28, 1869.

ld seems to have reached, during the week, the limit upward tendency and to have fallen back from to 139½. It is probable that it will gradually le back to near the old figures.

egal Tenders are 71½@72.

ew York—Wheat reported quiet and steady at $1 65 70. In the New York *Price Current* of the 6th inst. find the following reference to Oregon flour: "Cali- ia and Oregon flour have also shown a better tone, h some increase in business, the former realizing $7@ for old and new, and the latter $10 for such brands Imperial. The sale of State and Western are 32,000 s., and of California and Oregon 2,000 sacks, the rket closing quiet and rather weak." The same paper the 8th quotes California and Oregon flour more active d prices somewhat stronger; sales 3,000 sacks, at $7@) for the former, and $10@10 25 for the latter, via thmus. Both these references show Oregon flour as e highest in the market, with the single exception of e of the Missouri fancy brands. A letter of a later te, to a shipping firm in this city, represents the crop rospects in Missouri as unusually good.

Liverpool—Wheat 9s 5d.

San Francisco Produce Market—Flour, foreign brands extra, at $4 50@5 25; [illegible] superfine, $3 75@4 25; ferior [illegible] Wheat, [illegible] to fair Bay [illegible], $1 30@1 40; ood [illegible] $1 40@1 60; at close 3,000 [illegible] milling, $1 35@1 55. Barley—[illegible], $1 25@1 40; brewing, 1 40@1 50. *Oats—leading holders are shipping* 20,000 acks to Melbourne, which must materially relieve the arket. California $1 40@1 70, and Oregon $1 65@ 1 75.

Portland—Produce market still extremely dull. There just at present a slight improvement in wheat, extra hite commanding 65 cents per bushel. Oats have urther [illegible] to 40c. Lard is in better d[illegible] and and is one cent higher. All other articles in our last quotable ls last week.

There are no new features to be reported in the merchandise market. There are a few buyers of staples, in the city, but they are purchasing with much caution and only to supply present needs. The inactivity of produce and the prevailing scarcity of money are having a depressing effect upon all branches of business and credits are given with more than usual reluctance.

THE APPETITE FOR TOBACCO DESTROYED!

LEAVE OFF SMOKING AND CHEWING THE POISONOUS WEED, TOBACCO

ORTON'S PREPARATION!

ESTABLISHED 1866.

One box of Orton's Preparation is warranted to destroy the appetite for Tobacco, in any person, no matter how strong the habit may be. *If it fails in any case the money will be refunded. It is perfectly safe and harmless to* [illegible] *cases.* It is almost impossible to break off the use of Tobacco by the mere exercise of the will. Something is needed to assist nature in overcoming a habit so firmly rooted. With the help of the Preparation, there is not the least trouble. *Hundreds* have used it who are willing to bear witness to the fact that Orton's Preparation completely destroys the appetite for Tobacco, and leaves the person as free from any desire for it, as before he commenced its use. The Preparation acts directly upon the same glands and secretions affected by Tobacco, and through these upon the blood, thoroughly cleaning the poison of Tobacco from the system and thus allaying the unnatural cravings for Tobacco. *No more hankering for Tobacco after using Orton's Preparation. Recollect it is warranted.*

The time taken to allay all desire for Tobacco by the use of the Preparation varies slightly in different persons, the *average* time being about *Five days.* Some have no desire for Tobacco whatever after using the Preparation *Two days.*

The *Health* and *Purse* of every Tobacco user in the country calls loudly, ABANDON THE USE OF TOBACCO.

RECOMMENDATIONS

The following are a few selected from the multitude of recommendations in our possession.

We, the undersigned, hereby certify that we have used Orton's Preparation for the purpose of destroying the appetite for Tobacco, and can assure those who are suffering from this habit that Orton's Preparation will certainly destroy the appetite for Tobacco *quickly* and *permanently*, and without any bad effect upon the health and without creating an appetite *either for the Preparation or any substitute.*

W. P. Heald, Bangor, Maine, J. Moody, Southport, Indiana; E. W. Adkins, Knoxville, Tenn.; John Merrill, Bangor, Maine; J. Bunch, Springfield, Tenn.; W. D. Harrington, West Point, Georgia.

From Samuel Cessidly, Editor Journal & Argus:

PETALUMA, CALIFORNIA, Dec. 14, 1868.

For about twenty years I had used Tobacco in its various forms, and for the past eight years had been an inveterate smoker. Becoming satisfied that the excessive use of this narcotic was seriously impairing my health, I determined if possible to check myself of the habit. Hearing of Orton's Preparation for destroying the appetite for Tobacco, I sent to Portland, Me., for a box of the medicine, which I received through the mail on the 17th of November. A month has not elapsed and yet the medicine has effectually relieved me from any yearning or desire to use Tobacco in any form. The Preparation is not more difficult or unpleasant to take than to commence chewing gum. I conscientiously believe the Preparation will have the promised and desired effect in every instance where it is given a fair trial. Upon that belief and from an honest desire to assist those who wish to break away from the slavish appetite for Tobacco I offer this testimonial.

SAMUEL CESSIDLY.

Beware of Counterfeits and all articles purporting to be like this, of the same name or otherwise. The great popularity of Orton's Preparation has induced unprincipled persons to attempt palming upon the public counterfeit and inferior articles. Purchasers will please order directly from the Proprietor, or his duly authorised Agents.

The price of Orton's Preparation is $2 per box, or three boxes for $5, sent by mail to any part of the country *securely sealed from observation, with postage paid on* receipt of price.

How to send money by mail.—Enclose the amount in a letter, seal carefully, register the letter and take a receipt for it of your Postmaster. Money sent by mail as above directed at my risk. Address

HIRAM SMITH'S

Ophthalmic Panacea!

IS WITHOUT DOUBT THE MOST WONDERFUL EYE HEALER that has yet been discovered.

It CURES the most stubborn and hopeless cases of CHRONIC INFLAMMATIONS, GRANULATED LIDS, FILMS, &c., as has been sufficiently demonstrated during the few months in which it has been brought into public notice. The proprietor is so fully convinced of its INFALIBILITY that he WARRANTS A CURE OR REFUNDS THE MONEY. It can do the eyes no harm, and a trial of it is therefore without injury or expense to the patient if a cure is not effected.

It has cured cases of FIVE, SIX, NINE, FIFTEEN, and even EIGHTEEN YEARS' standing in Harrisburg, Linn county, Oregon, and its vicinity, to which the following persons will bear witness:

E. B. MOORE, NATHANIEL BELL,
A. L. WALLACE, G. R. WARD,
Mrs. MONTGOMERY, JOHN M. HOLLOWAY,
W. D. PORTER, ROB'T RAMSEY,

And others in that vicinity.

Persons afflicted with the distressing scourge of diseased eyes are advised to give this remedy a fair trial on the NO CURE, NO PAY and NO INJURY plan.

TO THE UNFORTUNATE.

NEW REMEDIES, NEW REMEDIES

Dr. Gibbon's Dispensary,

623 KEARNEY STREET, NEAR COMMERCIAL, San Francisco. Established in 1854, for the treatment of Sexual and Seminal Diseases, such as Gonorrhea, Gleet, Stricture, Syphilis in all its forms, Seminal Weakness, Impotency, etc. Skin Diseases (of years standing) and Ulcerated Legs successfully treated.

Horrible Diseases.

How many thousands of persons, both male and female, are there who are suffering out a miserable existence from the effects of secret indulgences, or from virus absorbed into the system! Look at their pallid, emaciated and disfigured faces and their broken-down constitutions, disqualifying them for the happiness of marriage or the enjoyment of life. In this horrid situation thousands suffer until death closes the scene. Let parents, guardians, friends, attend to those who are afflicted with any of these horrible life-destroying maladies [illegible] they are cared for and cured before it be too late. Send them immediately to Doctor Gibbon, a physician who has made private disease his especial study for years, and who is certain to cure the most inveterate cases without mercury or any injurious drugs. It is important to those who are afflicted, or to those who are interested in the welfare of their friends, to be careful of the many pretended doctors who infest all cities, publishing their skill *in curing all diseases in a few days,* imposing upon the public by using the names of eminent physicians from Europe and other places. Be therefore careful and make strict inquiry, or you may fall into the hands of the charlatans.

Seminal Weakness.

Seminal Emissions, the consequence of self-abuse, this solitary vice, or depraved sexual indulgence, is practiced by the youth of both sexes to an almost unlimited extent, producing, with unerring certainty, the following train of morbid symptoms, unless combated by scientific medical measures, viz: Sallow countenance, dark spots under the eyes, pain in the head, ringing in the ears, noise like the rustling of leaves and rattling of chariots, uneasiness about the loins, weakness of the limbs, confused vision, blunted intellect, loss of confidence, diffidence in approaching strangers, a dislike to form new acquaintances, a disposition to shun society, loss of memory, hectic flushes, pimples and various eruptions about the face, furred tongue, feted breath, coughs, consumption, night sweats, monomania and frequent insanity. If relief be not obtained, should apply immediately, either in person or by letter, and have a cure effected by his new and scientific mode of treating this disease, which never fails of effecting a quick and radical cure. Dr. G. will give One Hundred Dollars to any person who will prove satisfactorily to him that he was cured of this complaint by either of the San Francisco quacks.

MARRIED MEN,

Or those who contemplate marriage, who are [illegible] under any of these fearful maladies, should not forget the sacred responsibility resting upon them nor delay to obtain immediate relief.

DOCTOR GIBBON is responsible, and will give to each patient a written instrument, binding himself to effect a radical and permanent cure, or make no charge.

CURED AT HOME.

Persons at a distance may be CURED AT HOME by addressing a letter to Dr. Gibbon, stating case, symptoms, length of time the disease has continued, and have medicines promptly forwarded, free from damage and curiosity, to any part of the country, with full and plain directions for use, for Ten Dollars, sent in registered letter or through Wells, Fargo & Co.

Caution to the Unfortunate.

Beware of the San Francisco quacks and pretenders who, with bogus sworn-to certificates, dupe the unwary. *Some of the self-styled doctors, whose names are to be* found in the daily and weekly newspapers of San Francisco and other places, are tradesmen, and became too lazy to work at their trades. Some are tinsmiths, shoemakers, newspaper carriers, intelligence office keepers etc. Look over the San Francisco Directory, and you will not find their Medical Institutes in it, but you will find their former occupations in it. Look at the Directory for 1862 and 1863. The only way to avoid imposition is to make enquiry—it will cost you nothing, and may save you many regrets, for as advertising physicians, in eight cases out of ten are bogus, there is no safety in trusting any of them until you know who and what they are. Dr. Gibbon does not deceive people by exhibiting bogus titles, certificates, pretended patient's letters, etc. Dr. Gibbon will satisfy persons who may call at his office of his ability to treat diseases that he proposes to cure.

Address DR. J. F. GIBBON, 623 Kearney street, corner Commercial, (Private Entrance on Commercial) San Francisco. Post Office Box 252

REMEMBER TO PUT BOX 252 ON THE LETTER.

Consultations FREE.

Correspondents will please inform DR. G. [illegible] that they read his advertisement in the *Daily Oregonian.*

Liverpool—Wheat 9s 5d.

San Francisco [illegible] Market—Flour; foreign brands of extra, at $4 60@5 25 [illegible] superfine, $3 75@4 25; [illegible] of superfine, $2@3 25. Wheat, coast, $1 [illegible] to fair Bay milling, $1 30@1 40; good [illegible] $1 40@1 60; at close 3,000 [illegible] milling at $1 45@1 50 Barley feed $1 25@1 40; brewing $1 40@1 50 Oats—leading holders are shipping 20 000 sacks to Melbourne which must materially relieve the market. California $1 40@1 70, and Oregon $1 60@ $1 75.

Portland—Produce market still extremely dull. There is just at present a slight improvement in wheat, [illegible] white commanding 85 cents per bushel. Oats have further declined to 40c. Lard is in better demand and is one cent higher. All other articles in our last quotable as last week.

There are no new features to be reported in the merchandise market. There are a few buyers of staples, in the city but they are purchasing with much caution and only to supply present needs. The inactivity of produce and the prevailing scarcity of money are having a depressing effect upon all branches of business and credits are given with more than usual reluctance.

THE INTEMPERATE SOCIETY OF OREGON.—A correspondent of the *Advocate* has been searching the records, and gives the following statistics as the result of his investigations. May 1st, 1869, there were 35 wholesale dealers in liquors, 567 retail dealers and 25 breweries. No distilleries. During the year ending 1868 these breweries sold 131,7[illegible] gallons of malt liquors. In the city of Portland alone, May 1, 1869, there were 13 wholesale liquor dealers and 118 retail dealers. January 1st, 1869, the ganger for the city returned 19,761 gallons of alcoholic liquors in this city, exclusive of bottled liquors and packages containing less than ten gallons. It is quite probable there were 20,000 gallons then on hand."

The correspondent deduces the conclusion that beer, alone, costs the drinkers $200,000, and that alcoholic drinks cost $347,500; a total of $547,500 for a drinking population of 8,000. This is based upon the estimate that that each drinker only spends twenty-five cents per day—too low an estimate. Of the 8,000 population of this city, the writer estimates that 2,360 are in the habit of spending an average of twenty-five cents per day, each, or a total of $215,350 per annum. Add to this the cost of criminal prosecutions legitimately traceable to the use of liquors, and the aggregate will swell to $220,000, or $27 50 for each person of the whole population. If these figures are correct, and we do not think they are too high, there is certainly room even in the temperate city of Portland for about forty additional lodges of Good Templars.

RELIGIOUS INTELLIGENCE.—We learn from the *Advocate* that the Campmeeting for Lebanon and Scio Circuit will commence June 26th.

The services connected with the laying of the corner stone of the new African M. E. Zion Church on Third street, between B and C, will take place at 2 o'clock P. M. June 3d. The address will be delivered by Rev. J. P. DeVore. The public are respectfully invited to attend.

Rev. C. C. Stratton of Salem, and Dr. Wythe of this city, will exchange pulpits to-morrow morning and evening.

The New Hall of M. E. Church, Rev. A. C. Fairchilds, pastor, will be dedicated to the service of Almighty God, at 3 o'clock, to-morrow afternoon. Rev. C. C. Stratton will preach the sermon.

Rev. P. S. Knight, pastor of the First Congregational Church, Salem, will deliver the address before the Graduates of the Portland Academy and Female Seminary in July next.

Say to the friends of Zion, we expect to hold a campmeeting on Mill Creek, above Walla Walla, beginning Thursday, July 8th.

We are [illegible] by Bro. Royal, presiding elder of the [illegible], to give notice that the quarterly meeting for [illegible] will occur on the 10th and 11th of July.

The [illegible] Meeting at Hillsboro, adjourned on [illegible] last. It was a live meeting. The next will be held at Dayton, next fall.

FROM OREGON CITY.—We clip the subjoined items from the *Enterprise*: At a recent meeting of Pioneer Lodge No. 1, Order of the Eastern Star, held at Masonic Hall in this city, the following were elected officers for the ensuing year: Rev. E. Berry, Instructor; Mrs. Wm. Barlow, Lady Elect; Mr. Hurley, Secretary; Mrs. T. J. App[illegible], Mrs. Jacob Wortman, Guides; C. McCue, Guard.—Upon his return home a few days ago, Hon. B. F. Thompson learned of the death of his father at [illegible], Iowa, on the 29th of April last, at the age of 69 years. Mr. Thompson is preparing to go East this fall with his family, and was in hopes of seeing his father then.—Rev. C. W. Todd left this city for San Francisco on Wednesday evening, intending to be absent perhaps two months. Rev. I. Dillon, editor of the *Advocate* will supply the pulpit during the absence of Mr. Todd.—Information is wanted of James A. Crabtree, who came from California to Oregon sometime in 1849; he was formerly of Calloway county, Kentucky, and information of him will be happily received by his brother, M. L. Crabtree, Bloomfield, Stoddard county, Missouri.—Large bands of cattle continue to pass our door, eastward bound. Some of these are apparently less than yearlings. From what we are able to learn respecting that part of Oregon east of the Cascade mountains, they are going to a fine grazing region.

ARRIVAL OF THE JANE A. FALKINBURG.—The bark *Jane A. Falkinburg*, Capt. Cathcart, arrived Thursday night, fifteen days from San Francisco. She experienced strong northwest winds the entire passage. The following is her list of consignees: Knapp & Burrell, 152 pkgs; H L Pittock, 37; E J Northrup & Co., 506; Hodge, Calef & Co., 31; Smith & Davis, 166; Corbitt & Macleay, 549; [illegible] & Co, 3 cases crockery; Everding & Farrell, 88 pkgs; T C, Oregon City, 1 pkg doors; S Martin & Co, 60; C H Basler, Harrisburg, 3; D Falbary, 1 box mdse; Jackson, [illegible] & Co, 1 cask lead; Smith & Wade, 36 pkgs; Walter Bro., 2; R. G. Sneath 780; Henry Failing, 329; C L Parker, Astoria, 77; [illegible] & Co., 46; Allen & Lewis, 430; Wiberg & Strowbridge, 6 rolls leather; E Milwain, 102; [illegible], 146; H W Corbett & Co, 135; [illegible] & Co, 77; W S Ladd, 8; B, G & Co, Dalles, 21; P D & H Co, 36; A S Abernethy, 8; Capt Cathcart, 11; B F Smith, 30 bbls cement; H B & Co, 4 pkgs; Hawley, Dodd & Co, 182; G Flavel, Astoria, 4; E W Pope, 38; E Irving, 10; Woodward & Quivey, 17; J Lowenberg, [illegible], 749; H & S, 12; S & D, 21; M & L, 3; [illegible] 2, 30.

CELEBRATION COMMITTEE.—At a meeting held on Thursday evening by the Committee of Arrangements on Fourth of July Celebration, changes were made in the following committees: *Committee on Officers of the Day*—A. P. Dennison was excused and Henry Failing appointed in his stead; *Committee on Fireworks*. Upon the [illegible] of a friend that Capt. J. C. Ainsworth could not take an active part as chairman, A. P. Dennison was made chairman. S. B. Parrish was excused and R. D. [illegible] appointed in his place. The *Finance Committee*, as it now stands, are Messrs. A. P. Dennison, Walter Moffatt, J. C. Ainsworth, L. P. W. Quimby, Jacob Mayer, A. L. Lovejoy, Joseph Kohn and R. D. [illegible]. *Committee of Officers of the Day*—J. F. [illegible], Al. Zeiber and Henry Failing.

[illegible]—The *Unionist* says: "We had an interview with Hon. J. H. Mitchell a few days ago, in which he stated that he had not the least doubt but that there would be at least twenty miles of railroad built on the east side of the river yet this fall. Mr. Holladay has an agent now in Europe making negotiations for iron which is now on its way to the Pacific coast. The iron was shipped from England early in the spring, as a [illegible]. If this iron can be obtained, it will as soon as [illegible] be taken on the road. If negotiation shall fail in that direction, there is twenty odd miles of iron now in San Francisco for sale, which will be purchased and used."

PHILHARMONIC CONCERT.—The Philharmonic Society of Portland, gave their seventh grand concert at Oro Fino Theater, last evening, on which occasion there was a large audience composed of the most fashionable and intelligent of our citizens. In the rendering of the programme, the society fully sustained its past reputation for [illegible] and artistic execution, and fairly earned the [illegible] plaudits awarded by the appreciative listeners. While many of the pieces performed could have been intended only for the ears of the musically cultivated, there was quite enough of the character best calculated for the popular taste; so that in the selection as well as in the execution of the music, the society achieved another triumphant success.

DEATH OF AN OLD OREGONIAN.—Capt. Hughes, who will be remembered as a resident of this city years ago, died last month at Honolulu. He was from Cincinnati, and [illegible] at this place, in company with Mr. ——, a saddle and harness establishment on First street. He served with distinction in the Mexican War on the Northern line in the 1st Regiment of Ohio Volunteers, Capt. Armstrong's company, the colors of which he bore at the battle of Monterey.

AN ELECTION WANTED.—At the Democratic ward meeting for the 1st ward, held Thursday evening, a resolution was adopted, suggesting to the Council, the propriety of calling an election for the purpose of electing city officers by the people as contemplated by the amended charter. The suggestion was so much paper and ink wasted. The Democratic majority in the Council, have [illegible] views.

EXPEDITIOUS.—Mr. W. P. Watson showed us, says the *Advocate*, a letter from M. Patton, who states that he left Portland, Oregon, April 28th, at five o'clock P. M., and arrived at Lafayette, Indiana by way of San Francisco, and the Central & Union Pacific Railroad, on the 12th of May, having rested three days and nights on the route.

GOING IT STRONG.—The Committee of arrangements on the 4th of July celebration, have resolved to raise $4,000 in addition to the appropriation of $1,000 by the City Council. Of this amount, probably about $2,000 will be applied for fire works. It is their intention to render this celebration the grandest affair of the kind ever had in Oregon. Everybody and his wife are to be invited.

TURN VEREIN PICNIC.—Unless the weather should take an unexpected turn, the annual Turn Verein Picnic will take place on Sunday. Remember that the steamer will leave Vaughn's wharf at 8 and 10 o'clock A. M., at 12 M. and half past 1 P. M. The final return trip will be made at 7 P. M. Tickets, for gentlemen, $1, and for ladies 50 cents, may be procured of any member of the committee.

THE SALMON FISHERIES.—A gentleman who has recently visited several of the Columbia river salmon fisheries, says that the three firms of Hume Brothers, Hume & Hapgood and West, will put up this season not less than one million cans of salmon. The aggregate of all the others will probably be nearly double that figure.

SUIT FOR DAMAGES.—We learn that Mr W Oliver, the man who was some time since injured by the firing of a wad from the gun of the *Gussie Telfair*, has commenced suit against the company owning the vessel, to recover damages.

MEETING OF THE BOARD OF FOREMEN.—There will be a meeting to-night at the Council Chamber, of the foremen of the several fire companies, at the call of the Chief Engineer.

STOLEN AND RECOVERED.—A thief entered the store of Mr. P. Selling on First street, on Thursday, and stole a bolt of cloth. Yesterday, the police captured the thief and recovered the cloth.

W. H. WEED,
Chief Engineer P. F. D.

PEOPLE SHAKE—not with fear as to the future of Portland, but with the *Ague*, which can be cured in 24 hours and no *return* of the chills or dumb ague or its kindred ills, by using our celebrated and sure *South Carolina Ague Cure*. It is sold at the reasonable price of $1 00 per bottle. Call at "The Oregon Dispensary" for your SPRING MEDICINES, for they are all pure, fresh and *cheap* and will be vouched for by *the* most eminent of the Medical Faculty in the city. Everybody patronizes the "Oregon Dispensary" in consequence of the above fact, and it requires *five* assistants to attend to the wants of our patrons.

LORYEA & KALLENBERG,
73 First street, Portland.

VALUABLE TESTIMONY.—The following recommendation comes from a source of such well known and indisputable character, that it requires no comment beyond its publication:

I have given '*Kane's Imperial Condensed Soap*' a thorough and impartial trial, and am satisfied it will do all that is claimed for it. I washed three dozen white shirts, using half a bar of soap. It did its work well, requiring no rubbing, and I cheerfully recommend it as the best Washing Compound I ever used.

S. WHITLEY.

Victoria, May 18, 1869.

THE RAILROAD TERMINUS.—By the arrival of the steamer *Oriflamme*, it will be positively known where the Railroad Terminus on the Sound will be established, and before long an army of men, equal to that of the grand Pacific Railroad, will be employed, who will build the road with all possible speed. The Depot, without further doubt, will be established at the well known house of KOHN & FISHEL, No. 91 Front street, where the finest, best and most stylish Clothing, Gents' Furnishing Goods and Dry Goods can always be had, at such low prices that the most crabbed purchasers must be pleased.

OWING to the great demand for Bunnell Hats, we have received another large invoice of them. For a summer hat there is nothing cooler or of prettier style. The Ganfrim, Cuba, Clayton, Barclay, and many others of the latest styles can be found at

G. VENARD,
CHARTRES COFFEE!
Manufactory Established in June, 1851.
STEAM POWER, NOS. 625 AND 627 FRONT ST.

HAS CONSTANTLY ON HAND GROUND AND ROASTED COFFEE, GREEN COFFEE of the best qualities. CREAM OF TARTAR and SPICES of all sorts.

The undersigned, who has always enjoyed public confidence for the excellent quality of his Coffee, neglects nothing to justify the good name acquired by his productions, the sale of which daily increases. The acknowledged superiority of his merchandise, which commands here, and in the markets of the interior, a relatively higher price, excites the cupidity of some manufacturers, and every day he sees increasing the number of those who, by counterfeit or imitation of his mark, seek to deceive the public, palming upon them their inferior productions for the genuine G. VENARD CHARTRES COFFEE. This fraud can deceive nobody after a trial, but only adds to the favorable opinion of the consumer, the very flattering though unwilling testimony of the counterfeiters. Nevertheless, buyers should be forewarned, and placed on their guard against this practice.

BEWARE OF COUNTERFEITS.

Read H, D & Co.'s Ad. in *Herald* and DAILY OREGONIAN and *then* the following

WHY IS IT?

Why Is It? IF "THE BUCKEYE" RECEIVED ALL THE first premiums at State Fairs during 1868," WHY IS IT that the OFFICIAL RECORDS of said State Fairs made *quite a different showing?* and at the last State Fair in Ohio, where the "BUCKEYE" *originated*, WHY IS IT that not withstanding a small army of people in the *Buckeye interest* were on hand to represent a Mower made of Rosewood and Polished Iron, daintily placed on a carpeted platform and were using all the nameless appliances, and leaving no art untried to secure the coveted First Prize (thereby retaining its former prestige), again we repeat WHY IS IT that a "CLIPPER" of ordinary shop finish and represented by a single obscure agent *carried off the said First Premium* in *competition* with the "BUCKEYE" and a dozen other leading mowers?

Why Is It? If "the 'BUCKEYE' captured the grand Gold Medal at the great National Trial," concerning which so many changes have been rung—WHY IS IT that it would not be in good taste to ADD *the that was some time ago* (1866), and THEN *only in a "CERTAIN CLASS,"* as a mower, and that at the same trial in certain *other "classes" several* OTHER *machines* captured Grand Gold Medals?

Why Is It? If "the 'Buckeye' is acknowledged by ALL the world as the best machine invented?" WHY IS IT that at numerous Field Trials, County and State Fairs in 1868, a *different* verdict was announced and further, WHY IS IT that in so many of the large grain growing districts east of the Rocky Mountains the Farmers should be unaware of this important fact, and *other Patterns* besides the "*Buckeye*" *should so largely have the preference?*

Why Is It? If "the 'Sweepstakes' is the best Thresher extant," WHY IS IT that the sales of some other manufacturers should so greatly *exceed those of the "Sweepstakes?"* and WHY IS IT that so many of the wheat buyers along the Willamette GIVE THE PREFERENCE to grain threshed and *cleaned* with the IMPROVED "CHALLENGER!" And again, WHY IS IT that after all this "*fuss*" and "*blow*" brought to bear in favor of the "Sweepstakes," and to make Farmers believe that the sun rises and sets in a "Sweepstakes"—Separator; yes, after all this agony, sitting up o' nights and painting "Sweepstakes" and "Buckeye" on boards to adorn Fir Trees along the roadside, WHY IS IT that *the Most Intelligent and Experienced Threshers pronounce in favor of the* "CHALLENGER?"

Why Is It? If certain "honorable" and "upright" dealers do *not* aim to mislead the public, WHY IS IT that they advertise themselves as SOLE agents for the genuine Haines' Header?"

We have not space to enumerate several more queries that present themselves: but while we do not wish to detract from the merits of the "Buckeye" or "Sweepstakes," we would caution Farmers not to be HUMBUGGED and MISLED by *windy representations, garbled reports and statements*, but to look about and make a *personal examination and comparison* of the various IMPROVEMENTS lately made on harvesting machines, before buying. *If then* not fully satisfied as to which is the BEST MACHINE *we will allow any purchaser* the privilege of working a "Clipper" alongside of a "Buckeye Mower," a Dodge's Improved "Ohio and Buckeye" Hand or Self-Raking Reaper and Mower of the *new style* alongside of a "Buckeye Self-Raker;" or a Pitt's "Challenger" alongside of a "Sweepstakes," he agreeing to *keep and pay for the machine preferred*.

We invite and *challenge* THIS SORT *of competition*, not fearing the intelligent farmer's choice. Such trials are more satisfactory to the farmer than all this "claptrap" of prizes awarded and high sounding statements of superiority. More anon.

The Latest Triumph of Science

There is a common impression that the work of pure science is nearly ended, and that nothing remains but the wider application of its principles to general use. The fact is that in many departments of knowledge science has but just begun its explorations. The idea of reducing religion to an exact science is just broached and is received with some alarm. And in the sciences longest and most earnestly pursued there is ample room for new discoveries and the correction of existing theories. Probably very few are aware that the most wonderful discovery pertaining to optics and astronomy has been made within ten years, and only developed and demonstrated within a year or two. We allude to the solar spectrum, an instructive article upon which we find in *Lippincott's Magazine*. The following is an epitome of its [illegible]:

To one who has paid no attention to this subject the statement will hardly be credible that there is a means of ascertaining the substances of which the planets and stars are composed, with quite as much certainty as if we could visit them and apply the chemical tests there. Yet this is the simple truth, and the demonstration is as perfect as that of a problem in geometry. The separation of white light into its component colors by the prism is a familiar fact. A little instrument called the spectroscope, which is a combination of prisms, separates the rays more perfectly, and shows at the same time dark lines crossing the spectrum, of various width, color and arrangement. These lines puzzled the philosophers for nearly sixty years, and it was only within this decade that it was discovered that the light from different bodies presented different lines, and the same body always the same. This was a most suggestive clue, and Kirchoff, a distinguished German savan, followed it up by a long series of careful experiments with various kinds of light. This research was rewarded by the discovery that each elementary substance, when made luminous by heat gives a peculiar arrangement of dark lines in the spectrum, and the same substance invariably the same lines. Various substances united give the lines of all the spectrum, and generally with so much distinctness that each can be readily identified. It is probable that this discovery may be used to determine the value of mineral ores, and it will require only careful and repeated preliminary experiments to fix the standard of comparison, to make this method very exact and reliable.

As yet the solar spectrum has been used chiefly to ascertain the composition of the heavenly bodies. The sun exhibits a large proportion of iron in its composition, together with sodium, magnesium, and other substances. The fixed stars are similar in composition to the sun, but exhibit some substances of which we have no knowledge on the earth. But it is a remarkable fact that no substance is discovered in our sun or in the planets that is not found on the earth, and it goes strongly to confirm the theory that this system has been evolved from what was once a single nebulous body. The star in the constellation of the northern crown that in 1866 assumed extraordinary brightness, and then disappeared altogether, tested by the spectrum, was found to be enveloped in burning hydrogen—in reality a blazing star, which probably resolved itself into gas and is now one of the nebulae. The doubt as to the character of these last named bodies is solved by the spectrum. They are vast masses of gas, in some of which the central body can be detected just forming. They are the germs of new systems like our own. The comets have the same nature, with the addition of highly heated vapor of carbon, which is their peculiarity. By a process not easily explained, the spectrum also shows whether a star is approaching or receding from us, and it is calculated that Sirius is coming this way at the rate of about thirty miles a second, or 108,000 an hour. Serious consequences need not be feared, but if the thing comes, there can be no dodging.

Spectrum analysis has discovered four new metals; has proved itself superior to chemical analysis in the detection of minute portions of mineral substance in other articles, and is used practically in England to test the purity of chemicals and dye-stuffs, and in aiding the Bessemer steel process. Its possible scientific and practical applications are unlimited, and in value it will certainly take rank among the highest achievements of science. Thus light not only reveals to us the surfaces of things, but science by it now looks through them, and finds all their hidden secrets.

Railroads of the World.

The New York *Financial Chronicle* publishes elaborate tabular statements, showing the length of all the railroads in the world, the area and population of each country, the aggregate cost and the cost per mile of constructing the roads. The computation is also carried out to show the number of square miles in each country to each mile of railroad, as well as the number of inhabitants to each mile. The *Commercial Herald* of San Francisco has some comments on the tables which we append:

The first thing that challenges attention is the wonderful disparity between the cost per mile of constructing a railroad in the United States and in any other country on the globe with the single exception of the province of New Brunswick. It will be seen that while the relative cost in the United States is but $44,255 per mile, it is $179,269 in the United Kingdom, $158,714 in the French Empire; $160,922 in Russia, and $201,157 in Brazil. In all other countries labor is cheaper, and the expense for clothing, rent and food to nearly all of them much less. It will be readily understood that the difference exists in the superior construction and equippage of foreign roads which are made of the most durable and choicest materials, and mounted in a very superior manner. The area of the United States is according to the above table, more than fourteen times larger than the French Empire, and if we had as many miles of railroad in proportion to our area as France has, we should have to-day 140,000 miles. This country is twenty four times larger than the United Kingdom, and if we had as many miles of road, in proportion, their extent would be 341,920 miles. Compared with Belgium we should have 221,000 miles of railroad, as the United States are 296 times more extensive, and *Belgium contains 1,703 miles of road*. None of the countries named have so great need for these helps to commerce, civilization and commerce. They are all bountifully supplied with navigable streams, numerous canals and ocean facilities, while our cohesiveness as a nation greatly depends upon the extension of railroads to connect and solidify the interests of widely separated sections. When we come to the number of square miles in the country to each mile of railroad, the foregoing table is very suggestive showing the progress made in the various countries and the area susceptible of this class of improvement. In the United States there are now only one and a fractional square miles of territory to every mile of road while in England there are but a little over eight and a half, and in France about twenty one and a quarter. The progress made by Russia in Europe, compares very favorably with that of Spanish American Republics, Brazil, Norway, Mexico, Natal, Australia and many other States. The extent of Russia and her lack of great navigable streams are now sought to be overcome by the construction of these modern swift articles of centralization and commercial power.

Virginia.

We have several times of late alluded to the peculiarities of the political situation in Virginia. There are two parties, but both of them fully accept the reconstruction policy, suffrage and all, and differ only on some minor and unimportant details. The Richmond *Enquirer*, so long a leading organ of the malcontents says: "It is now certain that Virginia will go into the Union within twelve months under the Underwood constitution in some form. That is settled. It does not matter whether it ought to be so or not. It does not matter whether anybody is to blame for it or not. We say it is a fact. Virginia will go into the Union in twelve months, under the Underwood constitution in some form." These are remarkable declarations to come from such a source. A Committee from the Conservative or Democratic Convention recently visited General Grant and represented matters in this light:

Virginia accepts the situation—even the last situation, fifteenth amendment and all. Our convention withdrew the ticket which we put in the field, with the consent not only of the nominees but of more than two thirds of the convention itself and the [illegible] are rapidly [illegible] becoming convinced that the only [illegible] is the best course. We desire to be a universal amnesty and in return are willing to [illegible] universal suffrage. We propose to submit the question of universal suffrage in Virginia separately but along with the body of the Constitution itself, and vote for both. We are convinced that Congress will not admit us without universal suffrage, and we might as well not kick against the pricks.

While the whole Democratic party of Virginia are submitting in this style to the inevitable, the same party in this State are opposing the infamous reconstruction measures of a Radical Congress, and hoping to overthrow them!

A Model Newspaper Office

The Chicago *Tribune* now boasts of the most complete elegant and costly newspaper establishment in the West and probably with one exception in the country. Its fine building commenced a year ago on the corner of Dearborn and Madison streets has just been finished and taken possession of. It is of fine white Joliet marble measures 72 by 121 feet, has four stories, is fire proof being constructed of iron, brick and stone throughout, and cost about $200,000. The land on which it stands belongs to the school fund, and is leased for eleven years at the expiration of which time the lease must be renewed or the property taken by the city at a fair valuation so that no risk is run by leasing. The press room contains two mammoth eight-cylinder presses costing nearly $40 000 each, a splendid double steam engine, numerous folding machines, etc. The counting room on the first floor is elegantly fitted up in black walnut and handsomely ornamented. The editorial rooms, ten in number, and the composing room occupy the fourth floor and are large, excellently lighted, and furnished with the most convenient appliances. The force now employed on the paper consists of twenty-two in the editorial department over forty compositors eight or ten in the counting room, and pressmen &c, enough to make the total number over eighty—in fact, not far from one hundred. The total value of the building and its contents is not far from $300,000. The *Tribune* is an immensely profitable institution, its earnings last year being nearly enough to erect this building.

UNIVERSALIST CENTENARY.—The Universalist denomination of this country will be 100 years old in 1870. A committee of the General Convention held last Fall in Providence has reported the plan for celebrating the occasion. This includes a session of the General Convention in September of 1870 in Gloucester, Mass, where Rev John Murray established the first Universalist church of the country, also special meetings in May in all the principal cities, and especially a centenary offering of $200,000, of which $100,000 shall be devoted to the building in Washington of a memorial church, to be built on a lot given by the Universalists of Washington, and to be owned by the trustees of the General Convention. The remaining $100,000 is to be called the Murray Centenary Fund, and to be devoted to the aid of theological students and of their missionary cause generally. The churches are also to be called on to cancel debts, endow colleges, build churches, and all these extraordinary collections are to go to swell the Centenary offerings, which, it is hoped, will reach $1 000 000.

CURIOSITIES OF SUICIDE.—The New York *Tribune* says:

"What a curious book might be written on the history of suicides! The ingenuity of distorted minds in discovering strange modes of death seems inexhaustible. An English carpenter a few years ago turned his mechanical skill to account in constructing a guillotine for his own decapitation. A New York merchant very recently hanged himself, after putting on the noose, adopting a most ingenious way of tying his hands between his legs, so that he could not release himself should his heart fail him at the last moment. Religious mania has been known to drive men to self-crucifixion. The most horrible case of suicide, however, that we remember, occurred a few days ago in London, where a man emptied a can of paraffine oil over his person, and then set himself on fire. This we believe, is as far as anybody has yet gone."

BY ATLANTIC CABLE

LONDON, May 27.—The *Alabama* claims form the theme of conversation and newspaper comment.

The *Times* says that Senator Sumner's assertion of English hostility to America are met by the testimony of nine officials, that abuses of a much more flagrant character occurred within the frontiers of the United States. The State of New York was admitted to have more than counterbalanced by Fenian expeditions to Canada. The American press expose Sumner's inconsistency by historical facts, and point out his perversions of facts.

Messrs Laird, of Birkenhead who built the *Alabama*, recently published a letter which gives legal opinions and documents and speeches, to prove that the building of the *Alabama* was not illegal. This letter has been extensively copied and commented on by papers to day.

Mr Washburne called on Prince Napoleon to day and met with a hearty welcome.

Election disturbances are reported at Amiens and Toulouse, but they were of trivial nature and were easily suppressed. Returns show that twenty eight opposition candidates have been elected to the new Corps Legislatif.

The bill is predicated upon an incendiary article which appeared in his paper some weeks ago and is based upon that section of the code that forbids persons to circulate any writing which inculcates resistance to lawful authority, insurrection or conspiracy against citizens. After the death of Dr Ayers and a negro near Savannah Swayze published an inflammatory article calling on Union men to organize for self protection. It is said that nearly three thousand well armed organized men, are in hostility to Mr. Joy. THE MAMMOTH OX!

TO THE PEOPLE OF OREGON. LOOK TO YOUR INTERESTS!

F. M. MORRIS AND W. C. AVERY,

BOTH OLD OREGONIANS AND HAVING NO doubt
THE LARGEST OX IN THE WORLD!
propose to the people of Oregon to take this Monster OX to the Atlantic States and exhibit the same as an Oregon production and before leaving the State they wish every man woman and child to see
Mt. Hood upon Legs,
and in order to give them an opportunity they will exhibit him in the principal towns on the Willamette, for the sum of 25 cents children half price. Their object in doing this is to raise the necessary cash to pay transportation. All those who think it would have a tendency to wake up the people of the Eastern States to realize the fact that there is such a place as Oregon on the Pacific Slope and that not only large cattle but every thing else is far in advance of the rest of the world and that all that is required is industry and economy to realize a fortune in Oregon in a few years at most—and the best place to enjoy life after you have accumulated a fortune.
Business men—make a note of this and remember—MONEY MAKES THE OX GO, and patronize accordingly.

W C Avery will also have a supply of MRS STIPP'S THORACIC BALSAM on hand. m27d1d

HOAGLAND'S
NEW PATENT SHAFT COUPLING!
W. E. COOPER

HAS PURCHASED THE RIGHT FOR THIS County of the above Patent, and will hereafter use it in the construction of all the Vehicles manufactured at his extensive

Carriage Factory,
Corner of Second and Morrison Streets.

He respectfully refers to the following

CARD.

Having examined the New Patent Shaft Coupling, invented by H. R. Hoagland, we feel pleasure in informing the public that in our opinion it is the safest and best method of connecting shafts or tongues to all vehicles that has ever been used.

It fastens without bolt or screw, and is therefore, easily and speedily separated. It rests on Gutta Percha so as to be entirely free from the rattling sound which so often disturbs restless horses. It is easily changed so that the shafts or tongue may be detached in an instant, and is convenient, safe and secure.

It is easy to change to this style of coupling any buggy or other vehicle now in use, and with small expense. We have come to the conclusion to use this new invention ourselves and recommend its use in all cases. We consider it far superior to the Brewster Patent, heretofore considered the best in use.

WASHINGTON, May 26.—The Attorney General, at the request of the Controller of Currency, has given an opinion that the National Banking Association cannot legally be converted into a State bank and thus relieve themselves of obligations under the National Bank Act. The question comes up in the case of the National, Farmers' and Mechanics' Bank of Albany, which claims to have been converted into a State bank association under the act of the New York Legislature. The Attorney General says: I am of opinion it is not within the power of the Legislature of New York to alter or modify, or add to or diminish the powers and duties or liabilities created or conferred upon banking associations established under the act of Congress.

Norman Wyand has written a letter to Judge Advocate General Holt, denouncing the Ayer Court of Inquiry and charging that the proceedings before it were conducted irregularly.

Colonel Arney, of New Mexico, is here, urging the Indian Commission to adopt his plan and place all the Indian children between ten and sixteen years of age in industrial schools on all the reservations.

The Republicans have nominated Fred. Boswell, colored, for Collector, the most lucrative office in this city. A colored man is also nominated for Register. An Irishman is nominated for Surveyor.

The steamer *Quaker City* has claimed to be under British protection and alleges that she had gotten clearance previous to her seizure. It is also said she is chartered to carry a cargo of flour to Kingston, Jamaica, by Andrews, a British merchant in high repute. There were thirty on board when she was taken which the Spanish Consul claims is more than is necessary to man the vessel.

From Cuba.

HAVANA, May 26.—Advices from Santiago De Cuba to the 9th give the following account of an affair with filibusters in the bay of Nipe. According to the Spanish accounts, the supposed expedition was landed from the steamer *President*. The Spanish troops surprised the landing party; attacked and captured their position, small guns and flag. The fillibusters rallied, recaptured the position and small guns but lost the flag. They fired, on the Spanish steamer *Moscello*, putting two shots through her hull. The excitement at Neuvitas is intense, and a steamer was dispatched to communicate with the authorities. The steamer *President* arrived at Kingston, Jamaica, on the 15th, where she was quarantined because she had touched at Cuba.

The Board of Directors elected Oliver Ames, Esq., President; John R. Duff, Vice President; John M. S. Williams, of Massachusetts, Treasurer; E. H. Rollins, of New Hampshire, Secretary and Assistant Treasurer at Boston. Thomas C. Durant, Vice President; John Cisco, Treasurer. Wm. H. The minority favors the Memphis and El Paso grand trunk, with branches to various points South. Williams of Pennsylvania in presenting the minority report made a brief speech, advocating that route as being within the territory of the United States, and opposing any route touching foreign territory. The Quaker City

NEW YORK, May 27.—It is stated that Minister Thornton informed Secretary Fish yesterday, that the steamer *Quaker City* was the property of a British subject, destined for Jamaica and not Cuba. There was no reason why clearance should not be granted. The Secretary conferred with Secretary Boutwell and agreed it would be best to let her sail, but in the meantime information had been received that she has been libelled by the Spanish Consul and seized. It was then

Religious Intelligence.

MOBILE, May 26.—The Southern Presbyterian General Assembly spent the day in discussing a plan for evangelizing the blacks. An able speech was made in favor of the plan recommended. It provides that when practicable, Presbyteries may organize separate colored churches, to be supplied for the present with white pastors, and ultimately of their own color, the pastors of white churches to supply those pulpits as far as possible. Suitable colored exhorters may be employed under the direction of the pastors. The two assemblies will adjourn to meet in Pittsburg in November, to receive the report of the action of the Presbyteries there. It is also understood that the Committee will submit the form of declaration to be made by each assembly, instead of articles adopted by the last assemblies and rejected by the Old School Presbyterians. The action of the assemblies on this declaration is to be final. This report will undoubtedly be adopted by both bodies.

Gen. C. H. Tompkins is ordered to Sitka to relieve Col. Weeks, Chief Quartermaster of the Department of Alaska.

A stock train arrived at Worcester, on Tuesday, from Albany, *en route* with Texas cattle, which were found to be in a horrible condition. Twenty-nine large bovines were jammed into one car, two of which had apparently been dead some time, and two others dying; others were down and unable to rise, while all were evidently starving. They had been without food or water for several days. The cattle were fed and exercised and put into fresh cars.

BY ATLANTIC CABLE.

There are 254 subscribers, and there is a tremendous throng on the ground. The Prince of Wales and other notables are present. The weather is fine and warm. Twenty-two horses ran, distance mile and a half, weight carried, 122 pounds; time, 2.52. Value of stalls, £6,900. Probably a quarter of a million of persons were on the ground. Patterson, in a speech, supported the vote, but regretted the failure of the law officers to prevent the escape of the *Alabama*. The precedent was bad on the maritime interests of England, which are sure to suffer from it. If moderate compensation could cancel this precedent, he would rejoice. If wise, it would be granted by England. He was sure the present ministry would cancel claims of the United States without compromising national honor.

PARIS, May 26.—An accurate classification of the new members of the new Corps Legislatif can't be made, as all have not yet been decided. The returns in some cases are still incomplete. MADRID, May 26.—The Cortes are now debating clauses of the Constitution which refer to the

if Spain had followed the example of England in the treatment of Canada, by granting liberties which the colonies claim for themselves, the outbreak in Cuba would have been prevented. Marshal Serrano replied that Capt. General Dulce had granted the required liberties when he entered on the government of Cuba, but party spirit was blinded by some of the inhabitants as to the intentions of the home government. By a demonstration of physical force the rebellion had been suppressed, but general disorder is disappearing very slowly. When the normal state of the land is restored, the home government acting in conjunction with Cuba, will suppress slavery and punish all engaged in the slave trade.

FLORENCE, May 26.—Fourteen arrests have been made at Legborn in connection with the attempted assassination of Col. Greenville. Political animosity, growing out of the conduct of Col. Greenville at the seige of Rome in 1849, was the cause of the assault.

Washington Correspondence.

[From the Walla Walla Union.]

The subjoined letter from one of Washington's old residents, one well posted on governmental affairs, we get via our townsman H. Parker, Esq. It is very appropos, and we doubt not will be read with interest. It can but convince all that the interests of the Territory demand the election of Mr. Garfielde, not only on account of his ability to command attention and respectful hearing at the Federal Capital, but that the most prejudiced must acknowledge that one in affiliation with the party in power, can accomplish more for the good of his constituents than one who has by the same power so recently lost his official head.

WASHINGTON, May 3, 1869.

Ed. Union—After years of turmoil and excitement, resulting first, from the war through which we have passed, and secondly from the protracted contrast between a stubborn and obstinate President and resolute and determined Congress, the Federal Capitol is resuming its normal condition of extreme dullness during the summer months. We are to have no more excitement of extra sessions and short recesses for the purpose of keeping watch over a willful and headstrong Executive, guided only by his passions.

Unity of action being secured between the legislative and executive departments of the Government, members and Senators are glad of the opportunity to return to their homes and enjoy their long vacation in the pursuit of pleasure or business, as their inclination or necessities dictate. A few Senators and members remain here yet to attend to the wants of their constituents on matters of business or in connection with the pressing business of the time, securing offices for their personal friends and persons to whom they may feel under obligations for past services.

As a general thing President Grant's appointments gives general satisfaction, except to the defeated applicants—but they are expected to grumble. The pressure for office is tremendous, and undoubtedly more changes have already been made than was at first contemplated, because of this pressure. In many instances, good and efficient officers, staunch Republicans, have been removed, apparently for no reason other than that some one else wanted the positions—such certainly must have been the case with the Revenue Collector of this District, for the old incumbent, Lewis Clephance, was a first rate officer, and a radical Republican of many years standing, and coeval with the formation of the party. The propriety of one nomination made by the party is much questioned, viz: James M. Ashley, as Governor of Montana. His record is being shown up, and it certainly is not a very creditable one, and it is rumored that he will not be permitted to go to Montana, as Governor, after all. The revocation of his appointment by the President would meet the popular wish, and tend to make General Grant very strong in the hearts of the people.

There has been a very powerful effort made to displace Hon. Joseph S. Wilson, as Commissioner of the General Land Office, but thus far without success. The prevalent sentiment here is, that it would be a very difficult matter to find another person as well qualified to fill that position as Mr. Wilson. His fitness for the position is conceded. He has been connected with the office for more than thirty years, as a clerk, principal clerk of the private land claims division, chief clerk and commissioner, and is a man of remarkable ability, and great working capacity. He devotes all of his time to the business of the office, working generally not less than sixteen hours a day at public business, and thus has well earned the reputation of being one of the most prompt and efficient bureau officers here.

There is manifested a very strong disposition to very materially curtail the force of clerks now employed in the several departments. This can be done to the extent of one-fourth or one-third, and still promptly transact all the business, I fully believe, providing care is taken to prune out the idlers and loungers, no matter what their politics, or how well endorsed by influential Senators. At the same time care is necessary to retain men who are capable, efficient and energetic. There are many men here who are extremely valuable, by reason of their extensive knowledge of their business, and the same principles should prevail in the employment of men here that govern in well regulated and extensive mercantile, manufacturing and banking establishments.

Gen. Grant's administration is pledged to economy, and there is room for a full exercise of all its ability in this direction. Every sinecure should be lopped off, and much useless expenditure saved, I have every reason for the belief that much will be accomplished in this direction. That there is room for it, one instance will show. One branch of business is now being conducted in one of the bureaus here by eight clerks, that two years ago employed eighteen clerks. There is no decrease of work, and $12,000 per annum has been saved to the Government for two years through the energy and efficiency of one man, who, by unwearied labor day and night for two years, has demonstrated that greater efficiency can be had if the *right men* are put in the right places.

The rallying cry of the opposition to the administration will be economy, and reduction of taxation, but the Democracy have been tried and found wanting. The history of that party shows that they are not to be trusted on this question. Wherever and whenever they have been in power they have been lavish in the expenditure of the public money for useless objects. At this time Washington Territory needs a representative here thoroughly in harmony with the Administration, in order to secure the appropriations to carry on the surveys of the public lands, and for other needful purposes. Mr. Garfielde's identification with the Land Department makes him one of the best men that can be sent here, and I trust that he will be elected by a large majority. * * *

I kin sell for eighteen hundred and thirtyne dollars, a pallas, a neat and pensive reirement located on the virgin banks uv the [illegible] ajoining 85 acres. The land is auriously divided by the hand of natur and t into pastures and tillage, into plano and eclivity, into stern abruptness and dalliance v moss-tufted medder; streams of sparkling ladness (thick with trout) dance thru this ilderness of buty to the low moosic uv the ricket and grasshopper. The evergreen ighs as the evening zephir flits through its hadowy buzzim and the serpent trembles like he love-smitten heart of a damsil. Fruits of he tropiks in golden buty on the bows, and he bees go hevy and sweet from the fields to heir garnerin hives. The mansion is of Paian marble, the porch is a single diamond set vith rubeiz and the mother of pearls, the oors are of rosewood, and the celins are nore beautiful than the starry vault of heavin Hot and cold water bubbles and squirts n every apartment, and nothin is wanted hat a pet could pra for, or art could porray.

The stables are worthy uv the steeds uv Nimrod and the studs of Akilles and its henery was built expresly for the birds uv Paralise, while sombre in the distance, like the ave of a hermit, glimpses are caught of the lorge house. Here poets hev cum and warbled ther laze; here skulptures hev sculpt; here painters robed the scene uv drerry landkapes, and here the philosofer discovered the tudy which made him the alkemist uv natur. Next northward uv this thing uv buty sleeps he residence and domain uv the Duke John Smith; while southward, and near the spice breathing topics may be seen the baronial villy uv the Earl Brown and Duchess widder Betsy Stevens. Walls of primitive rock, laid n Roman cement, bound the estate; while upward and downward the eye ketches, far away, the majesty and slow grandur uv the Hudson. As the young morn hangs like a curting uv silver from the breast uv the sky, an angel may be seen each night dancin with golden tiptoes on the green.

N. B.—This angel goes with the place. Diagrams ken be seen at the offis uv the broker. Terms flatterin. None but principle dealt with. Titles as pure as the breath uv a white male infant, and possession given with the lark. For more full description read Ovid's art uv love, or call (in your carriage) on

Real Estate Agents.

Some of the expenses thrown upon the British taxpayer have a ludicrous sound, though they tell up in a manner not at all jocular. We have seen a copy of the civil service expenditure last year, and we find in it illustrations of what would certainly be considered abominable extravagance here. A diplomatist at Paris has £800 allowed as "outfit." For the same purpose the same sum is allowed a minister at Berne. Imagine the suits of clothes which could be bought for £800! That nevertheless is the ostensible destination of the money. The Marquis of Bath went to Vienna to tie the Order of the Garter round the leg of the Emperor of Austria, and his expenses are £250. Lord Stanley staid for a week or two at Lucerne in the summer with the Queen, and the tour costs the country more than £500. The entertainment of the brother of the Tycoon caused an outlay of nearly two thousand pounds. The "passage allowance" to colonial governors on their appointments will certainly leave their excellencies with a profit. A baronet has nearly a thousand pounds for the voyage to South Australia, and the same sum was given the new governor of Tasmania. As to "compensation allowances," their numbers are legion. Among the funniest are annuities "to the household of the late (!) Princess Charlotte of Wales." One lady of rank has £600 a year as "bedchamber woman,"—the poor Princess having been in the grave for fifty years. A venerable footman has £100 a year and a housemaid £50.—*Boston Advertiser.*

WHAT EASTMAN IS IT.—Some days ago the telegraph announced the probable appointment of one Eastman, of Folsom, to the Sub-Treasury of San Francisco. The San Francisco *Chronicle* says:

"In all probability the gentleman referred to is Cyrus A. Eastman, who is or was recently the President of the Mount Diablo Coal Company, and largely interested in other mining operations. He was clerk to Grant when the latter was stationed at Fort Vancouver and acting as the Quartermaster of the Oregon Department. As the President never forgets his early comrades and friends, this position has most likely been tendered to the gentleman in question without solicitation. Eastman possesses first rate business qualifications and is a man of unblemished character. If the surmise is [illegible] the appointment is a most admirable one. The gentleman is a native of New Hampshire, but has been for many years on this [illegible], and is well known in business circles."

Who's Af[illegible]?—The San Francisco *Chronicle* is trying hard to allay the fears of those who think John Chinaman is a horrible monster, determined to devour our American liberties, [illegible] the American people. It thinks we need not worry ourselves about what may happen 500 years hence. So far, we have been able to shield our superiority against their utmost efforts to surpass us, and if our great-grandchildren are tolerably lucky, they may not be entirely annihilated by the sons of Kung-fu-che. Cheer up, sons of Denok-ra-soc.

Rev. T. K. Beecher wants the evangelical Christian world to disown the word Protestant. He thinks "we are numerous enough to have a name of our own, and give up a name that implies that our leading characteristic and business upon earth is to testify against Rome. What can be a more flattering testimony to the assumed primacy of Rome than the [illegible] of millions of men to have no name except as opposers of her? She dignifies and gives fame to her foes. No, no. Drop the name. Let's be Christians."

The Indiana Legislature has hit upon a plan for heading off the refractory Democrats of that body. Both houses have passed a new election bill that makes Legislative elections biennial instead of annual, and what is more to the point, makes it the duty of the appointing powers to fill vacancies that may occur, until the election of 1870, by the expiration of terms of office.

[illegible] DESTROYED!

LEAVE OFF SMOKING AND CHEWING THE POISONOUS WEED, TOBACCO.

ORTON'S PREPARATION!

ESTABLISHED 1866.

One box of Orton's Preparation is warranted to destroy the appetite for Tobacco in any person, no matter how strong the habit may be. *If it fails in any case the money will be refunded. It is perfectly safe and harmless in all cases.* It is almost impossible to break off the use of Tobacco by the mere exercise of the will. Something is needed to assist nature in overcoming a habit so firmly rooted. With the help of the Preparation, there is not the least trouble. Hundreds have used it who are willing to bear witness to the fact that Orton's Preparation completely destroys the appetite for Tobacco, and leaves the person as free from any desire for it as before he commenced its use. The Preparation acts directly upon the same glands and secretions affected by Tobacco, and through these upon the blood, thoroughly cleansing the poison of Tobacco from the system and thus allaying the unnatural cravings for Tobacco. *No more hankering for Tobacco after using Orton's Preparation. Recollect it is warranted.*

The time taken to allay all desire for Tobacco by the use of the Preparation varies *slightly* in different persons, the *average* time being about *Five days.* Some have no desire for Tobacco whatever after using the Preparation *Two days.*

The *Health* and *Purse* of every Tobacco user in the country calls loudly ABANDON THE USE OF TOBACCO.

RECOMMENDATIONS.

The following are a few selected from the multitude of recommendations in our possession:

We, the undersigned, hereby certify that we have used Orton's Preparation for the purpose of destroying the appetite for Tobacco, and can assure those who are suffering from this habit that Orton's Preparation will certainly destroy the appetite for Tobacco *quickly and permanently,* and without any bad effect upon the health, and without creating an appetite *either for the Preparation or any substitute.*

From Samuel Cessidly, Editor Journal & Argus:

PETALUMA, CALIFORNIA, Dec. 14, 1868.

For about twenty years I had used Tobacco in its various forms, and for the past eight years had been an inveterate smoker. Becoming satisfied that the excessive use of this narcotic was seriously impairing my health, I determined if possible to check myself of the habit. Hearing of Orton's Preparation for destroying the appetite for Tobacco I sent to Portland, Me., for a box of the medicine, which I received through the mail on the 17th of November. A month has not elapsed and yet the medicine has effectually relieved me from any yearning or desire to use Tobacco in any form. The Preparation is not more difficult or unpleasant to take than to commence chewing gum. I conscientiously believe the Preparation will have the promised and desired effect in every instance where it is given a fair trial. Upon that belief and from an honest desire to assist those who wish to break away from the slavish appetite for Tobacco I offer this testimonial.

SAMUEL CESSIDLY.

Beware of Counterfeits and all articles purporting to be like this, of the same name or otherwise. The great popularity of Orton's Preparation has induced unprincipled persons to attempt palming upon the public counterfeit and inferior articles. Purchasers will please order directly from the Proprietor, or his duly authorized Agents.

The price of Orton's Preparation is $2 per box, or three boxes for $5, sent by mail to any part of the country securely sealed from observation, with postage paid on receipt of price.

How to send money by mail.—Enclose the amount in a letter, seal carefully, register the letter and take a receipt for it of your Postmaster. Money sent by mail as above directed at my risk. Address

HIRAM SMITH'S

Ophthalmic Panacea!

IS WITHOUT DOUBT THE MOST WONDERFUL EYE HEALER that has yet been discovered.

It CURES the most stubborn and hopeless cases of CHRONIC INFLAMMATIONS, GRANULATED LIDS, FILMS, &c., as has been sufficiently demonstrated during the few months to which it has been brought into public notice. The proprietor is so fully convinced of its INFALLIBILITY that he WARRANTS A CURE OR REFUNDS THE MONEY. It can do the eyes no harm, and a trial of it is therefore without injury or expense to the patient if a cure is not effected.

It has cured cases OF FIVE, SIX, NINE, FIFTEEN, and even EIGHTEEN YEARS' standing in Harrisburg, Linn county, Oregon, and its vicinity, to which the following persons will bear witness:

E. B. MOORE,	NATHANIEL BELL,
A. L. WALLACE,	G. R. WARD,
Mrs. MONTGOMERY,	JOHN M. HOLLOWAY,
W. D. PORTER,	ROB'T RAMSEY,

And others in that vicinity.

Persons afflicted with the distressing scourge of diseased eyes are advised to give this remedy a fair trial on the NO CURE, NO PAY and NO INJURY plan.

TO THE UNFORTUNATE.

NEW REMEDIES, NEW REMEDIES

Dr. Gibbon's Dispensary,

Horrible Dis[illegible]

How many thousands of persons, both male and female, are there who are suffering [illegible] ence from the effects of secret indulgences, or from [illegible] absorbed into the system! Look at their pallid, [illegible]ted and disfigured faces and their broken-down constitutions, disqualifying them for the happiness of [illegible] or the enjoyment of life. In this horrid [illegible] sands suffer until death closes the scene. Let parents, guardians, friends, attend to those who are [illegible] any of these horrible life-destroying maladies [illegible] they are cared for and cured before it be too late; [illegible] them immediately to Doctor Gibbon, a physician who [illegible] made private disease his especial study [illegible] is certain to cure the most inveterate cases [illegible] cury or any injurious drugs. It is important to those who are afflicted, or to those who are interested in the welfare of their friends, to be careful of the many pretended doctors who infest all cities, publishing their skill in curing all diseases in a few days, imposing upon the public by using the names of eminent physicians, European and other places. Be therefore careful [illegible] strict inquiry, or you may fall into the hands of charlatans.

Seminal Weakness.

Seminal Emissions, the consequence of self-abuse, solitary vice, or depraved sexual indulgence, is practiced by the youth of both sexes to an almost unlimited [illegible] producing, with unerring certainty, the following train of morbid symptoms, unless combatted by scientific medical measures, viz: Sallow countenance, dark [illegible] the eyes, pain in the head, ringing in the ears, the rustling of leaves and rattling of chariots, [illegible] about the loins, weakness of the limbs, confused [illegible] blunted intellect, loss of confidence, diffidence in approaching strangers, a dislike to form new acquaintances, a disposition to shun society, loss of memory, [illegible] flushes; pimples and various eruptions about the [illegible] furred tongue, feted breath, coughs, consumption, [illegible] sweats, monomania and frequent insanity. If [illegible] not obtained, should apply immediately, either [illegible] or by letter, and have a cure effected by his new and scientific mode of treating this disease, which never fails effecting a quick and radical cure. Dr. G. will give One Hundred Dollars to any person who will prove satisfactorily to him that he was cured of this complaint by any of the San Francisco quacks.

MARRIED MEN,

Or those who contemplate marriage, who are under any of these fearful maladies, should not [illegible] sacred responsibility resting upon them [illegible] obtain immediate relief.

DOCTOR GIBBON is responsible, and will give his patient a written instrument, binding him [illegible] radical and permanent cure, or make no charge.

CURED AT HOME.

Persons at a distance may be CURED AT HOME by addressing a letter to Dr. Gibbon, stating symptoms, length of time the disease has continued, and medicines promptly forwarded, free from curiosity, to any part of the country, with full directions for use, for Ten Dollars, sent [illegible] ter or through Wells, Fargo & Co.

Caution to the Unfortunate.

Beware of the San Francisco quacks and [illegible] who, with bogus sworn-to certificates, dupe the [illegible] Some of the self-styled doctors, whose names [illegible] found in the daily and weekly newspapers of San Francisco and other places, are tradesmen, and [illegible] lazy to work at their trades. Some are [illegible] makers, newspaper carriers, intelligence [illegible] etc. Look over the San Francisco Directory [illegible] will not find their Medical Institutes in it, but find their former occupations in it. Look at the [illegible]tory for 1862 and 1863. The only way to avoid [illegible] tion is to make enquiry—it will cost you nothing [illegible] may save you many regrets; for, as [illegible] cians, in eight cases out of ten, are bogus, there [illegible] safety in trusting any of them until you know who and what they are. Dr. Gibbon does not deceive people by exhibiting bogus titles, certificates, pretended letters, etc. Dr. Gibbon will satisfy persons who may call at his office of his ability to treat diseases that he proposes to cure.

Address DR. J. F. GIBBON, 623 Kearney street, near Commercial, (Private Entrance on Commercial,) San Francisco. Post Office Box 252.
